GNARMFSK

VOL (unknown), NUM 2

the MIT Outing Club Newsletter

Oct. 4, 1979

IN THIS ISSUE

cover	Map of New Hampshire's White Mts.
Page 2	Important Events
3	Calendar of Upcoming Events
4	Winter School Notice
4-5	Trip Reports
5-6	Opportunities Available
6-7	Minutes of Officer's Meeting
8	Last Minute Treasurer's Report
8-9	Rental Equipment Rates

(Please post this after reading)

If you are new to the club & did not see the 1st issue, please read it; its posted in the main hallway, & in our office (I put a lot of work into it & would like it to be seen).

Telephone directories of all members are available.

CIRCUS

The PRESIDENTIAL CIRCUS will be held October 20-21. This annual cabin-packing contest takes place at CAMELOT, MITOC's New Hampshire cabin. Lots of day hikes, climbs, and adventures take place. Everyone from rank beginner to Tibetan sherpa, is welcome. Meet lots of future friends from other schools as well as MIT. Sign up on the sheet on the MITOC bulletin board, and be sure to come the the MONDAY meeting Oct. 15 the arrange transportation. (-Charlie Freeman)

MEETING

A special meeting and GRIPE session will be held on Thursday, October 11th, at 6 pm, in or near the MITOC office. This may be the first and last time this semester that a lot of the members actually get together in the same room at the same time to discuss what should be done by-, for-, or to- the Club. If you have any opinion about how your dues money is to be spent, the Rock Climbing rules, setting better rental equipment, the management or mis-management of the club, why there are no spelunking (what?) trips, novel IAP activities, or whatever; you should come. It will also be a good chance to talk with all the officers, many of whom are not around most Mondays and Thursdays.

CABIN

Thursday, Sept. 25th at 6pm in the MITOC office will be a discussion of the Intervale Cabin to be built this summer (1980). If you were here in past years, you probably saw the Old (WW2 vintage) Cabin. When you come on the CIRCUS you will see Camelot, built by members in 1973. Then come the following Thursday and give us your ideas & desires on next year's cabin. Ken Bell & Bruce Mackenzie have promised to have some cabin proposals be looked at. (The cabin really will be on a hill on the side of Thorn Mountain looking across the Saco River to Cathedral Ledge, as shown on the cover.)

(If this newsletter did not reach you because you address is wrong, please leave a note for the editor in the office, W20-461.)
